

CALEXOTICS LINK UP ALPHA PENIS RING SET

User manual

CONTROL

- 1) Hold the side power button for 3 seconds to turn on.
- 2) The vibrator starts its vibration and subsequent short presses of the button change the vibration and pulsation modes.
- 3) Turn it off by holding the power button long again for 3 seconds.

MAINTENANCE

After each use, rinse the ring with lukewarm water and soapy detergent.

You can also use an **erotic cleaner**, which also helps to remove microscopic dirt.

Simply spray the product, leave it on for about 1 minute and then dry with a towel or cloth that does not leak fibers.

WATERPROOF

The ring is **waterproof**, so maintenance is very easy.

It may get splashed with water, but you can safely immerse it in water and enjoy water play.

LUBRICATION

Use only **water-based lubricants**. Other lubricating gels could damage the surface of the aid and it could become sticky.

DRIVE AND CHARGING

The ring is powered by an integrated Li-on battery, which is approximately half charged from the factory, but we recommend that you fully charge it before first use.

Charge the battery using the included USB cable, which can be plugged into a phone adapter, PC or powerbank.

STORAGE

Store separately from other erotic aids in a dry and dark place.

PACKAGING CONTENTS

In the package you will find a vibrating ring, a cock ring and a USB cable for charging.
