

# YOU2TOYS LICK IT STIMULATOR

## User manual

### CONTROL

- 1) Insert two AA batteries (not included) into the remote control.
- 2) There is a wheel on the side of the remote control that is used to turn the stimulator on and off, as well as to continuously adjust the vibration.

### MAINTENANCE

After each use, rinse the stimulator with lukewarm water and soapy detergent. You can also use an **erotic cleaner**, which also helps to remove microscopic dirt. Simply spray the product, leave it on for about 1 minute and then dry with a towel or cloth that does not leak fibers.

### WATERPROOF

The stimulator is **not waterproof or water resistant!**

### LUBRICATION

Due to the material of the stimulator, use **silicone-based lubricants**.

### DRIVE AND CHARGING

The stimulator is powered by two AA batteries. For greater endurance, we recommend using alkaline or rechargeable batteries.

### STORAGE

Store separately from other erotic aids in a dry and dark place.

### PACKAGING CONTENTS

Stimulator with remote control.
