

PRETTY LOVE ALGERNON VIBRATOR

User manual

CONTROL

- 1) Turn on the vibrator by pressing the "power" button on the vibrator body for about 3 seconds.
- 2) Short presses of the same button then switch between the individual vibration modes.
- 3) To use with the remote control, the vibrator needs to be turned on.
- 4) Press the button with the "wave" symbol on the remote control to pair it with the vibrator.
- 5) Repeated short presses of the same button switch between the individual vibration modes.
- 6) Turn off the vibrator by pressing the "power" button on the vibrator body for about 3 seconds.

MAINTENANCE

After each use, rinse the product with lukewarm water.

We also recommend using an [erotic cleaner](#), which also helps to remove microscopic dirt.

Simply spray the product, leave it on for about 1 minute and then dry with a towel or cloth that does not leak fibers.

WATERPROOF

The product is **water resistant**, so maintenance is very easy.

The product can be splashed with water, but you **MUST NOT immerse it in water!**

Waterproof means that you could completely submerge the product in water and enjoy water play.

Due only to the water resistance of the product, this is not possible in this case.

The remote control is **not water resistant or waterproof!**

LUBRICATION

Use only [water-based lubricants](#). Other lubricating gels could damage the surface of the aid and it could become sticky.

DRIVE AND CHARGING

The product is powered by an integrated battery, which is approximately half charged from the factory, but we recommend that you fully charge it before first use.

Charge the battery using the included USB cable, which can be plugged into a phone adapter, PC or powerbank. When charging, the LED flashes and when fully charged, the LED control lights up permanently.

The remote control is powered by AAA battery.

STORAGE

Store separately from other erotic aids in a dry and dark place.

PACKAGING CONTENTS

The package includes a vibrator, a remote control, a USB charging cable and a AAA battery.
