

# 1. Meet ROMP Pulse

## 2. Enjoy

Before using, we recommend applying water-based lube onto the toy's head as well as onto your body.

Slowly insert the product inside of your vagina and position the suction part so it encircles your clit. Press and hold the top button for 3 secs to turn on the suction. Continue pressing to cycle through the 5 suction strengths

Once you are ready, press and hold the bottom button for 3 secs to turn on the vibrations. Continue pressing to cycle through the 3 strengths and 7 patterns.

Press and hold the top button to turn off the suction and press and hold the bottom button to turn off the vibrations.

To ensure no accidental buzzes while travelling, press and hold both top and bottom buttons for 4 seconds. The toy will buzz twice to indicate that the travel lock is ON. Repeat the process above, and the toy will buzz twice to indicate the travel lock is OFF. Charging also turns off the travel lock.

## 3. Play Ideas

ROMP Pulse is designed for blended orgasms, providing mixed suction and vibration stimulation. Need some inspiration? Here are some play ideas to help you get in the mood...

Pulse is fully waterproof, so bring it in the shower or bathtub for some slippery fun!

You can control both suction and vibration independently. Before turning on the strong vibrations, make sure you're fully in the mood by using the suction only.

Don't limit your playtime pleasure, use the strong vibrations on your nipples, inner thighs and other sensitive areas.

## 4. Clean

ROMP Pulse is waterproof and submersible. You can clean it with warm water and toy cleaner or go and take a bath with it - whichever is more fun!

Please pay special attention to the suction head and take care to properly dry it before your next use.

## 5. Charge

**Light blinking:**  
Charging

120 mins

**Light on:**  
Fully charged

**Light off:**  
No power or charger is not properly placed.

ROMP Pulse needs a power-up?

Place the charging cable (A) into the charging hole (B) and then connect the USB (C) to an electric source. After 120 mins, ROMP Pulse will be ready for you to enjoy again for up to 120 mins.

## 6. Safety Instructions

### WARNING

Sold as a novelty product only. Not suitable for medical purposes. Only use the product for the intended purpose. Keep out of reach of children. If you are under a physician's care and/or have a condition requiring the use of any medical device, please consult your physician before using this product. Stop using the product immediately if you experience any skin irritations, pain or discomfort and consult your physician.

This product can be used by adults only. Persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge may use the product if they have been given supervision or instruction concerning use of the product in a safe way and understand the hazards involved. Children shall not play with the product. Cleaning and user maintenance shall not be done by children. Do not use on swollen or inflamed areas of skin.

Remove piercings or jewellery in the genital area before use.

Always clean the product before and after use according to the instructions given in the manual.

To avoid damage to the product, the product and its battery must not be exposed to temperatures above 45°C, be dismantled or mechanically or electrically damaged.

Sharing sex toys may transmit sexual diseases. Do not share your sex toys with users other than your partner. Use protective measures with your partner if necessary. Do not use the toy if you detect any cracks or signs of degradation in the cover material.

This product is not designed for anal use. Do not use anally!

To prevent stains, do not place the soft side of your product on an absorbent surface.

Check the charging device and the product regularly for damage and do not use in any case of damage. Magnetic fields can influence mechanical and electronic components such as pacemakers. Do not use the product directly over a pacemaker. Contact your physician for more information. Keep cards with magnetic stripes (such as credit cards) away from the product, as they may be damaged by the product's magnet. If your product appears to be functioning abnormally, turn it off and consult the support section on our website.

### CHARGING

Before the first use of the charging device, check the local voltage level, since the local mains voltage may not exceed the maximum mains voltage given on the charging device. The product must only be charged at an appropriate, extra-low voltage corresponding to the marking on the product:

• 3.7 V, 1,000 mAh

• Do not use or clean the product while the battery is charging.

• Never immerse the charging device or charging cable in water or other fluids.

• This product contains batteries that are non-replaceable.

• This product contains a rechargeable Li-ion battery.

• Disconnect the charging cable from the electrical supply each time after the product has been charged.

### FOR OPTIMAL USE OF THE PRODUCT, PLEASE FOLLOW THE FOLLOWING GUIDELINES

To guarantee a long battery life, please charge the product regularly, even if not in use. Store in a secure, dry place without exposure to direct sunlight. We recommend using a water-based lubricant with your product. To prevent damage to the product, do not use perfumed, alcohol-based lubricants, gels or massage oils with the product. Do not use silicone-based lubricants with silicone products.
