## Safety Information

### **EN** Notes on use

Before using the toy, read this safety leaflet and the Quick Start Guide completely. Keep both the safety leaflet and the Quick Start Guide, as they contain important information on safe use of the toy, as well as providing the necessary technical and legal information. This toy is a sex toy for adults. It is not a medical device, or a product with medical or other healing properties. Proper use also includes compliance with the Quick Start Guide and the warnings listed here. The toy is rechargeable and enables easy, cable-free operation. It must be fully charged before being used for the first time. To charge, please use the enclosed USB charging cable only. The first charge can take up to eight hours. The cable must dock with both magnetic contacts on the toy's metal contact points intended for this purpose. If the charging cable does not adhere to the contact points by itself, connect it to the electrical supply and wait a moment. The magnetic effect will thus be reactivated, and the contacts will connect automatically.

### **Warning**

#### **Risk of injury due to fire/inflammation!**

Do not extinguish the product with water. Do not throw the product into fire.

#### **Risk of injury due to defective batteries!**

Improper handling of batteries can cause uncontrolled exothermic reactions. In such cases, dispose of the entire product immediately in an appropriate manner.

#### **Risk of injury to children!**

Keep the toy out of the reach of children.

#### **Risk of injury due to electric shock!**

Liquid can cause damage to the electrical supply and endanger your health. Separate the toy from the charging cable/electrical supply during cleaning.

#### **Risk of damage due to magnetic fields!**

Magnetic fields can influence mechanical and electronic components such as pacemakers. Do not use the product directly over a pacemaker. Contact your doctor for more information. Keep cards with magnetic stripes (such as credit cards) away from the product, as they may be damaged by the product's magnet.

#### **Danger of damage due to changing ambient temperatures!**

Changing ambient temperatures (e.g. after transport) can lead to condensation. In this case, do not use the toy until it has adapted to the new ambient temperature.

#### **Safe use in ambient temperature up to 0°C - 50°C.**

#### **Risk of damage due to overcharging!**

Disconnect the charging cable from the electrical supply after each charge.

#### **Safe charging in ambient temperature up to 10°C - 45°C.**

#### **Information on device disposal and WEEE**

This electrical appliance was first released after August 13, 2005. In accordance with the European WEEE Directive and national regulations, the electrical appliances and electronic parts included in this delivery must not be disposed of via your household waste. At the end of the product life, they must be disposed of at a municipal collection point in order to ensure environmentally friendly disposal.

#### **Notes on batteries / rechargeable batteries**

In the context of distributing batteries and rechargeable batteries, in accordance with European regulations we are obliged to inform you, the consumer, of the following: You are legally obliged to return batteries and rechargeable batteries. After use, you can return them to us, take them to a municipal collection point, or deliver them to a local dealer free of charge. Batteries and rechargeable batteries are labelled as follows.

These symbols mean that the batteries and rechargeable batteries cannot be disposed of by you, the consumer, via household waste. Batteries and rechargeable batteries containing harmful substances are labelled with one of these symbols. The symbol consists of a crossed-out wheeled bin and the chemical symbol of the heavy metal which constitutes the main pollutant. In detail, the aforementioned symbols mean:

Pb = battery contains lead, Cd = battery contains cadmium, Hg = battery contains mercury

#### **Notes on lithium batteries/rechargeable batteries**

You can recognise lithium batteries and lithium rechargeable batteries through the chemical symbol "Li". In addition to the information provided above, we would also like to point out the following: When disposing of lithium batteries or rechargeable batteries, either by returning them to us, taking them to a municipal collection point or handing them in to local retailers or public waste disposal companies, please ensure that they are completely discharged. We also request that you cover the contact surfaces on the battery marked „+“ and „-“ with adhesive tape to avoid the risk of fire.

Triple A Import GmbH, Am Lenkwerk 3, 33609 Bielefeld hereby declares that all electronic devices conform with the relevant conditions of the applicable European Directives 2014/30/EU and 2011/65/EU.

#### **Limitation of liability**

Triple A Import GmbH and/or their retailers are liable for damages caused by intentional or grossly negligent behaviour of Triple A Import GmbH, a representative or vicarious agent, in accordance with legal directives. With the exception of injury to life, limb or health, and breach of essential contractual obligations (cardinal obligations), Triple A Import GmbH and/or their retailers are only liable for damages which can be attributed to intentional or grossly negligent behaviour. This also applies to indirect damages, in particular lost profits. Moreover, liability with regard to consumers due to an assumed guarantee, except in the case of intentional or grossly negligent behaviour, or where there is an injury to life, limb or health and a breach of essential contractual obligations (cardinal obligations) is limited to the typical, foreseeable damages on conclusion of the contract, and also to the level of the average damages typical for this contract. This also applies to indirect damages, in particular lost profits. With regard to companies, except in the case of injury to life, limb and health or intentional or grossly negligent behaviour by Triple A Import GmbH, and/or its retailers liability is limited to the typical, foreseeable damages on conclusion of the contract, and also to the level of the average damages typical for this contract. This also applies to indirect damages, in particular lost profits. No liability will be accepted for damages due to:

Non-compliance with this manual / Improper use / Unauthorised alterations / Technical modifications / Use of unapproved spare parts / Use of unapproved accessories

Claims for liability due to the German product liability legislation remain unaffected.

## Guarantee Information

### **EN** 1. Contents of the guarantee

Triple A Import GmbH grants the end customer a guarantee on material and processing defects in accordance with the following provisions. The end customer is any consumer who buys the product. This guarantee period is 15 years and begins with the expiry of the statutory warranty period of the country in which the buyer is domiciled. Any statutory rights are not affected by the existence of this guarantee. The guarantee covers components that affect the functioning of the product. It does not include external changes to the appearance of the product due to normal wear and tear, accidental damage, abuse or negligence. Furthermore, the guarantee does not apply if the operating or assembly instructions are not observed or if non-manufacturer accessories or non-manufacturer spare parts are used. The guarantee also excludes condoms, lubricants, massage oils, care and cleaning products (such as disinfectants, powders, etc.), aphrodisiacs, promotional products, and the Satisfyer One Night Stand. Please note that attempting to open or disassemble the device or accessories will void the guarantee. In addition, the validity of the guarantee ends in the event of improper installation or commissioning, damage caused by force majeure or natural disasters, in particular, but not limited to, floods, fires or frost damage.

### 2. Scope and use of the guarantee

If any complaints arise during the guarantee period and if these are communicated to us in writing and proven under the following conditions, the guarantee service shall be fulfilled by Triple A Import GmbH replacing the product. The claim to granting of the guarantee service exists only for damage to the subject of the contract itself. Claims for loss of profit and damages are excluded. To make a claim against the guarantee, it must be proven that the guarantee was still valid at the time the claim was made. Please keep the original purchase receipt together with the guarantee conditions for the duration of the guarantee period. Triple A Import GmbH reserves the right to refuse to undertake repairs under guarantee or to confirm the guarantee if this proof cannot be provided. For guarantee claims, please send the product together with the original proof of purchase to the address displayed on [www.satisfyer.com](http://www.satisfyer.com) for your region or any other address which we communicated to you. You must pay the shipping costs. Any shipping costs will not be refunded. In the event of a return, please make sure that the product is securely packaged for transport. Triple A Import GmbH assumes no guarantee for improper transport, improper packaging or loss of product in the event of a return.

### 3. Product has no claim to guarantee

If a defect in the product submitted is not covered by this guarantee, the consumer shall be responsible for the costs, including any labour costs, incurred in the inspection of the product.

### 4. Queries on your part

If you have any problems, service issues, or guarantee issues with your Satisfyer product, please contact us on [info@satisfyer.com](mailto:info@satisfyer.com).

### 5. Place of jurisdiction and applicable law

German law shall apply to this guarantee, excluding the UN Convention on the International Sale of Goods (CISG) of 11 April 1980. The place of performance for the obligations under this guarantee is Bielefeld, Germany. To the extent permitted, the place of jurisdiction is Bielefeld, Germany.
