iroha stick

How to Use / Safety Instructions

Thank you for purchasing the iroha stick.
For your safety and proper use of this product,
please read instructions before use.

Before Use

- Remove Battery Cover and remove Insulation Sheet. ● Twist Battery Cover without twisting Power Dial.

- Remove Safety Cap and twist Power Dial clockwise from OFF position to ON position. Twisting the Power Dial further, will increase vibration strength.

Parts

Storage

- Please keep away from direct sunlight and store in a cool, dry place. Not doing so may cause defects, overheating and fire hazards. ● Please do not store with insecticides, solvents, products with strong scents such as perfumes or air fresheners, silicone items, or oil-based products. ● Always turn product OFF after use to prevent accidents or injury.

How To Clean

- Please wash with tepid water.
- If using soap, please use a mild, neutral soap.
- After washing, please dry with a soft towel.
- Do not submerge or boil the product.
- Please do not use acidic, alkaline substances, alcohol or hot water when washing the product. This may cause disfiguration of the shape and color of the product.

Changing Battery

- The included battery is to see if the product works. For proper use please replace battery upon first use. ● When changing battery, please turn the product OFF. ● Battery life may fluctuate depending on situation and frequency of use. ※ If the product stops working for reasons other than defect, or the vibrations seem dull, please change the battery.

[How to Change Batteries]

- ① Twist Battery Cover anticlockwise to open and insert 1x AAA Battery. ※ Ensure positive and negative ends of battery are faced correctly.
- ② Reattach Battery Cover and twist clockwise to close.

Running Time / Waterproofing	Approx 5 Hours / Waterproof up to 50cm(20')
Product Size / Weight	22 x 22 x 99 mm / 44g
Materials	Silicone, PC, Includes AAA Alkaline Tester Battery
MADE IN CHINA	

Regarding water-resistance

- This product is designed to be waterproof, but improper use may compromise water-tightness. ● Exposure to strong currents of water or depths of over 50cm can compromise water-tightness and lead to product damage. ● Please do not get hair, dirt or other substances trapped inside the Water-resistance Packing. These will cause an opening for water to enter the product. ● Please ensure not to damage the Water-resistance

Packing when changing battery. ● Please make sure to check the Water-resistance Packing for damage to prevent the possibility of water entering the product.

Safety Information

- Wash before first use and after every use. ● Do not expose to water if the product is loose or the battery compartment is exposed. ● Avoid use in hot and humid places or in salt water or seawater. This may cause damage to the product. ● Please do not submerge the product for prolonged periods of time, or boil the product. ● Do not use on any areas of the body that are irritated, inflamed or otherwise damaged. ● Please do not use acidic, alkaline substances, alcohol or hot water when washing the product. This may cause disfiguration of the shape and color of the product. ● Do not use the product in the following circumstances: - When extremely tired. - When under the influence of alcohol. ● Please do not drop or expose product to extreme forces. This may cause electrical short circuiting or defects. ● If you feel any physical abnormalities during use of the product, please cease use immediately and seek medical attention. ● If you find any damages or defect with the product, please cease use immediately and turn the power OFF. Use of damaged product may cause injury. ● To prevent transfer of STIs, do not share. Please do not use near open flames or cigarettes. This may cause fire hazards. ● Do not use on same area of body for over 15 minutes. ● Use only water-based lubricants with this product.

WARNING

- Do not attempt to deconstruct, modify, or fix the item yourself. This may cause fire hazards or injuries. ● Those with pacemakers or other electronic medical devices, who are pregnant, or are otherwise currently receiving medical treatment, please discuss use of this item with a medical professional before use. ● Keep out of reach of children. Product contains small parts that may be accidentally swallowed.

Regarding Battery

- Please use only Alkaline AAA batteries with this product. Non-alkaline batteries may cause extreme shortening of running time. ● Always read safety information of the battery. ● Do not expose battery to fire, short circuit battery or attempt to deconstruct the battery. ● Do not expose battery to water. ● Always ensure positive and negative ends of the battery. ● Remove dead batteries immediately. ● If you are not using the product for a prolonged period of time, remove battery. ● If you are exposed to liquid from the battery, please wash area exposed and seek medical attention.
