

### RECHARGING INSTRUCTIONS

- Attach the magnetic USB head to the toy instructed (A) below, and plug in to USB power source.
- The light will be constant while the product is charging.
- When fully charged the light will flash (B).
- The toy will complete its charge in around 1 hours.
- For optimal performance fully charge the product before your first use.
- Remove magnetic head from toy and disconnect from USB power source once charging is completed.

### CHARGING YOUR COCKTAIL

- (A) Before you first use, please charge the product fully, using the magnetic 'click & charge' USB cable provided. The LED light on the remote control will light up continuously while charging.
- (B) Once charged the LED will flash continuously, the product can now be unplugged and used.

### ENJOYING YOUR COCKTAIL

- This is a dual independent motor and remote- control product. The motors for the Plug and Shaft can be controlled to provide either single or dual motor stimulation whilst in use.

The product can be operated manually or via the remote control.

- To activate the COCKTAIL and remote press either button (C) or (D) for 3 seconds on both the product and remote.

- When activated the LED light will flash.
- Once activated you can cycle through the 10 settings for each motor by pressing button (C) for the shaft motor, or button (D) for the plug motor.
- You can turn off/on each motor independently by holding down the (C) or (D) button for 3 seconds.
- The product will automatically re-enter standby (flashing LED) if you turn off the all the motors.
- While in standby holding either button (C) or (D) for 3 seconds will turn the product completely off.
- The LED is on constant for all settings.
- A fast flashing on the LED during use indicates that the battery is low.

### VIBRATOR CARE INSTRUCTIONS

Take care when using the vibrator for the first time, vibration can be intense

1. Clean your vibrator after every use.
2. Take care when cleaning your vibrator remember it is an electrical item, moisture can damage the product and also react with the batteries.
3. Keep your vibrator clean and dry, store in a dry place, moisture can damage batteries and motor.
4. Always store your vibrator separately, different materials have different chemical configurations and may react with each other.
5. Always allow your vibrator to cool down before storing in a safe place, vibrators are electrical and motors get warm with use.
6. Excessive usage of the vibrator will wear out the motor and may cause the motor to over heat. If you feel your vibrator is getting unduly hot, switch off and allow it to cool down, before continuing to use.

### RECHARGEABLE PRODUCTS INSTRUCTIONS ON CHARGING

- The product has a USB lead for charging, you can insert it into a computers USB port.
- The product may be partially charged on purchase but we recommend a full charging cycle before use. Charge the battery for at least 40 minutes before use.
- BE PATIENT - Do not switch on or use your vibrator during this first charging session, as this may affect the battery capacity.
